# INDEX VOLUME 21/1981

ARRANGEMENT—

Author, subject, and title entries are arranged in one alphabet.

Articles listed under an author's name are entered in chronological rather than alphabetical order, as are entries for subjects. Each entry is identified by category such as Article, Newsfront, Front Page, In These Times, I Think, Letters, etc., with the date of issue and the page number.

Obituaries are listed alphabetically throughout the index with the subtitle Deaths in the ALC, and they are combined into a separate list at the end of the index.

Bible references are listed under New Testament and Old Testament, in the order in which they appear in the Bible, with the article in which they appear, the date of issue, and the page number.

CROSS REFERENCES—
"See" references are made from various forms of an entry to the chosen form, such as UNIVERSITIES, SEE COLLEGES AND UNIVERSITIES.

## Suggestions for use of *The Lutheran Standard* in groups

Explore ways in which *The Lutheran Standard* might be used by groups in the congregation. Because a majority of congregations provide every-home coverage, this publication offers many possibilities for group discussion as well as individual reading.

Congregational study groups which will find an article or series of articles in *The Lutheran Standard* of real value include:

—Adult forums or youth study groups (note "Look Ahead" listings in planning future meetings)

—Church councils or committees (pertinent articles for inspiration and insight)

—Youth (topics for discussion at meetings, retreats, or classes)

—New members (articles on Lutheran doctrine and worship practices such as "If I Should Die," April 7, p. 10, or "Three Great Words," June 5, p. 17.

—ALC Women (information about ALC mission and enrichment of discussion topics)

—Stewardship and evangelism visitors (references in making calls)

—Family discussion (explore a specific article together; prepare for Sunday worship by discussing "It's Good News")

*SUGGESTION:* Keep a complete file of the 1981 issues for handy reference. Articles of special interest often become particularly valuable when a congregation undertakes a particular emphasis or concern, such as world hunger, the Seminary Appeal, criminal justice, or the energy crisis. Members of congregations also should be encouraged to keep a file of their copies for future reference.
